Mitsubishi UFJ Financial Group, Inc.	8306	Annual	2023/6/29	Shareholder	3	For	Amundi understands this proposal is asking the bank to amend its articles and aligns its lending and investment portfolios with Paris Agreement goals, making strategic policy commitments and targets for GHG-high emitting sectors as well as to report progress in its annual reports. There is no explicit exclusion of certain sectors e.g. coal/fossil fuels, but the proposal seems to require the bank to create overarching strategic goals and commitments. While the bank has created a transition plan, including setting targets using scenarios aligned with the net zero by 2050, and has been disclosing its progress, there is no harm in formally incorporating this important strategic goal in its articles and ensure that it is imprinted in its strategy. Annual reporting will also ensure management will be compelled to report on the progress (rather than leaving it to their discretion) which will enhance transparency. This is an ambition global banks should strive for as it will likely accelerate alignment with The Paris Agreement, i.e. limit global warming to well below 2°C and pursuing efforts to limit it to 1.5°C.

Mizuho Financial Group, Inc.	8411	Annual	2023/6/23	Shareholder	2	For	Amundi understands this proposal is asking the bank to amend its articles and aligns its lending and investment portfolios with Paris Agreement goals, making strategic policy commitments and targets for GHG-high emitting sectors as well as to report progress in its annual reports. There is no explicit exclusion of certain sectors e.g. coal/fossil fuels, but the proposal seems to require the bank to create overarching strategic goals and commitments. While the bank has created a transition plan, including setting targets using scenarios aligned with the net zero by 2050, and has been disclosing its progress, there is no harm is formally incorporating this important strategic goal in its articles and ensure that it is imprinted in its strategy. Annual reporting will also ensure management will be compelled to report on the progress (rather than leaving it to their discretion) which will enhance transparency. This is an ambition global banks should strive for as it will likely accelerate alignment with The Paris Agreement, i.e. limit global warming to well below 2°C and pursuing efforts to limit it to 1.5°C.

SECOM Co., Ltd.	9735	Annual	2023/6/27	Shareholder	5	Against	Amundi acknowledges the importance of aligning the interests of directors and shareholders. However, the company has already introduced a restricted stock plan and intends to further improve its share ownership.
SECOM Co., Ltd.	9735	Annual	2023/6/27	Shareholder	6	Against	Amundi considers that the Board must be composed of a sufficient number of independent Directors: at least 50% for non-controlled companies, and therefore the proposal is not necessarily in line with such a policy.
